

Volunteering for GenR8 Assemblies

Do you:

Want to get involved in mission on your doorstep?

Want to share your Christian faith with children?

Want to serve God in primary schools?

Enjoy being part of a team?

Have a little spare time to volunteer?

Appreciate a new challenge?

If so, why not volunteer with GenR8??

GenR8 presents entertaining Christian assemblies to over 40,000 primary school aged children each term, with teams visiting around 150 schools. Each 20-minute assembly presentation seeks to combine fun and faith with songs, puppets, sketches, stories and lots of participation from the children. High quality Bible-based material is provided for the teams, along with guidance from experienced team members.

What GenR8 volunteers say:

"It is one of the most worthwhile things I have ever done."

"It's a lot of fun, and so well received by the children."

"It was exciting to be part of the children's journey in finding out more about our God."

"Whatever your age or ability there is a place for everyone."

"How good it is to tell people about Jesus!"

What schools say:

"We're genuinely excited when we know you are coming - extremely professional. An excellent message put across beautifully!"

"Fast moving, with good variety. A simple but effective message that engages all children."

You should have:

- A Christian faith and be an active church member
- Passion for reaching children
- Willingness to serve
- Commitment to team work

Time needed each term:

- Five rehearsals of about two hours each
- Six or seven days to visit primary schools
- Flexible timings dependent on team members' availability – potential to job share

What you can expect:

- Appropriate training
- Development of skills and experience in local mission
- Support and encouragement with lots of fun thrown in
