

# Natural Beauty

## Equipment

- Paper
- Pens / pencils
- Glue

## Set up

- Start outside in a forest school type setting

## Instructions

- The natural world around us is amazing and beautiful! Find a leaf that you like – remember, no two leaves are alike – the one you've chosen is unique!
- Stick your leaf in the middle of your piece of paper, then draw or write things that you're grateful for in the world. It's important to be grateful. If you want to, you can draw or write these things as a prayer of thanks to God.
